Candidate committees, corporations, labor unions, independent expenditure committees, issue committees, foreign citizens and foreign governments are prohibited from contributing to candidates. Contribution limits are per the office's election cycle. Primary and general election contributions may be received at the same time. Consult IRS regulations regarding contributions made by 527 Political Organizations. Colorado law recognizes the Governor and Lt. Governor as one committee and the contribution and spending limits for governor apply to the joint committee. Contribution limits double for a candidate who has accepted voluntary spending limits if his or her opponent has not accepted the voluntary spending limits and has raised more than 10 percent of the spending limit. Contributions to a candidate committee by the candidate count as political party contributions when a candidate accepts voluntary spending limits. Any unexpended campaign contributions that carry forward to a subsequent election cycle also count as a political party contribution.
